

Biometric Time Attendance & Door Access System

SMARTFACE SERIES

ECO SF200

ECO SF200 is a time attendance and door access terminal that support both face and fingerprint authentication. Its distinctive compact design sets it apart in our Smartface series. Utilizing Visible Light Technology, this terminal automatically performs recognition for a target from an extended distance, activating upon detecting a human face within its range. This results in superior recognition quality, enhancing both speed and accuracy

Features

Visible Light Technology,
faster and better accuracy
facial recognition

Capacity:
1,000 Users, 100,000 Att. Records

2.4 inch Touch Screen

Full Door Access Function

Authentication Method:
Face, Fingerprint, PIN, ID Card

Comes with ECOTIMEPRINT
Time Attendance System

Communication:
TCP/IP , WiFi

This aluminum mount is specifically designed for the ECO SF200. With primarily focus on easy installation and serves as a heat dissipation solution for the ECO SF200. Additionally, it has a neat appearance.

Specifications

Model	ECO SF200
Display	2.4 inch touch screen
Authentication Method	Face, Fingerprint, PIN, ID Card/ Mifare Card (Optional)
Communication	TCP/IP, WiFi
User Capacity	1,000
Face Capacity	1,000
Fingerprint Capacity	1,000
Card Capacity	1,000
Record Capacity	100,000
Verfiy Speed	<1s
Door Access Control	Electric Lock, Door Sensor, Exit Button, Alarm Output, Auxiliary Input
Software	ECOTIMEPRINT Time Attendance System
Power Supply	12V 3A
Operating Environment	-5°C - 45°C, Humidity: 10% - 90% RH
Dimension (L*W*D)	185*58.5*20mm

ECOTIMEPRINT Time Attendance System

A time attendance system designed to efficiently manage employee attendance with different kinds of schedule requirement.

Friendly Interface
making it easier for users to navigate and learn

Clocking Schedule
define employee work time, rest time, overtime

Door Access Control
configure different time zone and time zone group

Leave Monitoring
by employee leave entitlement and leave taken

Auto Shift Detection
detects employee shifts without the need for manual daily shift key in

Detailed Report
calculation such as work time, overtime, short are separated by day type
